SUMMARY

I'm Joshua Muasya a passionate developer, my driving forces are learning new technologies, and fostering innovation and creativity in the tech industry. I'm a dedicated WordPress Developer at Offtech. With over four years of experience, I have worked with and led various teams to create cutting-edge software solutions that tackle various challenges and improve user experiences. My expertise includes android, software and web development, project management, team leadership, user experience design, and client relations. I strive for industry leadership through a track record of successful project deliveries, driving growth, and a strong commitment to mentorship and community engagement. In every role, I demonstrate a relentless pursuit of excellence, leveraging my skills and expertise to open the future of technology and create lasting, impactful solutions.
